

# Find skilled staff, trained to support your services and those who need them.

At Nurseplus we provide a selection of skilled care staff who are trained in-house to deliver exceptional support for people living with learning disabilities.

We only recruit carers who are dedicated and passionate about their work, and caring for others.

Our Nurses, Healthcare Assistants, and Support workers are trained and ready to cover, or support, your existing care teams :

- ✓ Oliver McGowan Trained
- ✓ Mental well-being
- ✓ Safety and Intervention
- ✓ Physical Assistance
- ✓ Person Centred Care
- ✓ Communication

## Why should you choose Nurseplus?

We provide local support and include a free on-call service to help you deal with emergencies.

We encourage all staff to complete their Level 2 Qualification as soon as they join. Plus, LD and Autism training is mandatory.

All of our agency staff are interviewed and trained face-to-face giving us the opportunity to assess their LD skills and abilities.

All enhanced DBS and Right to Work checks are carried out by our local branch team
